## Experience

User researcher - UX & UI designer | ValueBlue

Netherlands | Apr 2022 – Apr 2024

- Designed end-to-end UX and UI for digital products, focusing on clear user flows and usability.
- Planned and conducted user research and usability testing to identify pain points and validate solutions.
- Created wireframes, interactive prototypes, and high-fidelity UI designs using Figma.
- Worked closely with developers to ensure accurate implementation and design quality.
- Contributed to design system improvements and maintained visual and interaction consistency.
- Refactored the dashboard page.
- Researched for adding new features and improved them consistently.
- Organized UX workshops monthly and quarterly.
- Analyzed customer experience report (CX).

User Researcher - UX & UI designer | PPE Needed

Netherlands | Jul 2020 – Jun 2021

- Designed UX and UI for a multi-stakeholder digital platform supporting supply coordination.
- Created user journeys, wireframes, and prototypes from early concepts to MVP.
- Iterated designs based on feedback from users and cross-functional team members.

UX & UI Designer | Simorgh

Iran | Jul 2018 – Apr 2019

- Designed websites and applications for business clients, focusing on usability and visual clarity.
- Collaborated with designers and developers to deliver consistent design solutions.

Junior UX & UI Designer | MooTanRoo

Iran | Apr 2016 – Jun 2018

- Designed web and mobile interfaces for e-commerce and content-based platforms.
- Supported UX research activities and applied findings to improve user experience.
- Worked closely with developers during design hand-off and implementation.
